Meet... NICOLA

I'm one of those people who never belonged in an office. I always felt more at home in nature, and I loved having fresh flowers in my house. When I bought my first home with now-husband Chris, we chose an old Victorian Semi that needed a lot of work done – including the garden. There was no design and no flowers, just an overgrown jungle for us to tame. That's where the spark started, and my love for flowers bloomed.

I love how flowers make you feel. Even a simple vase of roses can brighten up your day and make you happy, and by playing with shape, colour and texture you can change the whole mood of a room. When it comes to weddings, your choice of flowers can transform a venue, making it completely unique from any other wedding held there. The right florals can change the ambience and feel of the venue, and make your day feel really special.

That's why I started designing flowers and arrangements for weddings. Now, 18 years of experience and a national diploma later, I've provided bespoke floral designs for hundreds of weddings and added that extra special touch to an already magical day.

why work WITH ME?

My passion is creating beautiful arrangements that tell your story. A wedding is the bringing together of two individuals with an amazing story to tell, and with a little floristry magic your flowers can represent you and your love story.

Whether you want something traditional or modern, soft, or dramatic, I can tailor your wedding flowers to suit your needs. And because I want your wedding day to go perfectly, I offer an end to end floristry service that includes consultations, delivery and set up of flowers and props, applying button holes and even staying on the day to move the displays, so that you can make the most of your flowers at every point.

OVER 18 YEARS OF EXPERIENCE

My entire career has been around flowers – from studying a diploma to working for various florists and hotels, building up my skills and knowledge in all areas of event floristry.

PERSONALLY TAILORED TO YOUR NEEDS

Every set of wedding flowers I create are designed for the couple, with their interests, theme and journey in mind.

BLOOMS THAT TELL YOUR STORY

Your wedding flowers won't look just like everyone else's – they'll contain unique elements that tell your love story.

Meet... CAV & JEN

STOCKBRIDGE

Cav and Jen are a wonderful couple who loves all things outdoors. Their wedding was held at Houghton Lodge & Gardens in Stockbridge, with a marquee reception in the grounds so that everyone could enjoy the gardens in full bloom. As it was September the gardens were already in full bloom, and they wanted their wedding flowers to reflect that natural, wild-garden beauty.

They opted for a selection of late summer blooms arranged in a fresh yet relaxed way to bring the outside in. Light pinks, corals and pops of light blue to really bring out the colours, and their flowers looked perfectly at home in the gardens where their wedding portraits were taken!

"I just wanted to pop you a message to say a huge thank you for the amazing flowers at our wedding on Saturday. They were beyond my dreams and we had so many compliments from everyone, a lot saying they were the most beautiful wedding flowers they had ever seen! The amazing flower arch was the star of the show and we got some beautiful photos underneath it. I've pressed my bouquet now as a keepsake too. Thank you so much Nicola, you're so talented and skilled!"

Meet... LUKE & BECKY

BURY COURT BARN

Bury Court has been described as 'somewhere between heaven and earth', and that's exactly what Luke & Becky wanted from their wedding day. This couple opted for an outdoor wedding ceremony at the Bury Court Barn, and they wanted their love story really was something out of a film.

Luke and Becky wanted their whole day to be about classical romance, so we designed the bouquets, arches, buttonholes and table decorations in romantic and pretty styles, working with seasonal flowers in fresh whites and greens, with just a few splashes of pale pink to tie into the bridesmaid's gorgeous dresses. I also supplied a range of rose gold and copper accessories, including vases and stands, for the tables to tie the theme together.

STEPHEN & LOUISE

MILLBRIDGE COURT

Stephen and Louise got married in late November, with a ceremony and reception held at Millbridge Court in Surrey. A restored 19th Century house, it oozes opulence and luxury with a hint of rustic wood.

To compliment the venue and the unique style of the couple, we opted for a range of sumptuous organic designs with plenty of foliage in silvers and greys, paired with rich burgundy and cream flowers and soft blue accents to draw it all together. We created table flowers to be placed down the long traditional dining table and a display that perfectly matched the 19th-century feel.

“

“Thank you so much for making our day just so perfect – the flowers were absolutely stunning! We were both so pleased with how the tables looked too, can’t thank you enough!”

Meet... DAVID & LAURA

FRENSHAM HEIGHTS

In the deep depth of October, David and Laura said 'I do' in a beautiful church ceremony, before moving on to an elegant reception at the gorgeous Frensham Hall. Their wedding was all about rural beauty meets elegance and sophistication, so we needed to create something pretty special to match.

We opted for seasonal designs in a rustic arrangement but with an elegant display, using vintage brass stylings and candlesticks to match the venue's grand ceilings and fixtures. The bride being a lover of colour, the flowers themselves were a mix of vibrant pinks, purples and a pop of coral to bring life to the displays and really make them stand out.

INVESTMENT

WEDDING FLOWERS, DESIGN & SERVICES

My full wedding service starts from £1,800, and that can cover all of the basic floral arrangements you would need for a wedding. All of my prices are bespoke to your requirements, and you'll be provided with a detailed quote after a short consultation.

However, I know weddings are expensive, so I will always make suggestions on how to re-purpose your florals and arrangements throughout the day. For example, I often recommend using your church flowers as part of the arrangement for your wedding breakfast so that you get the most mileage out of your flowers – and I will even be on hand during the day to move them for you!

All prices in this brochure are to give you a rough idea of my style and costs, but I always recommend booking for a coffee so that I can get to know you and your wedding plans. This way I can give you an accurate proposal and quote and include any special details in the flowers as well.

EXAMPLE INVESTMENTS

Please note I do not offer packages. No two weddings are the same, but here are a few examples.

FAQs

Q1. WHEN WILL MY FLOWERS BE DELIVERED?

The exact time of delivery will be discussed with you, but I generally try to deliver your flowers as early as your venue will allow me in. I will liaise with your venue to arrange a good time for me to arrive, and I'll be there early enough to make sure it all goes smoothly!

Q2. WILL YOU BE THERE THE WHOLE DAY?

I won't be there until the reception winds down, but I will be on site from the moment the flowers arrive until your photos are done and you're sitting down for your meal. That means I'll be on hand to arrange the flowers in the venue, help position buttonholes and move the arrangements from the ceremony room into the reception room for you.

Q3. WHAT HAPPENS TO MY FLOWERS AFTER THE WEDDING?

Once your flowers are delivered, they are yours to keep. But that doesn't mean you should throw them away afterwards. Closer to the day I'll chat with you about various ways to use your flowers after your wedding – from giving them as gifts to preserving them for years to come. If I've loaned you any props, I'll go back to the venue the following day to collect them.

Q4. DO YOU PROVIDE PROPS?

Yes! Sometimes flowers look best when displayed in or wound around something, so I keep a wide range of props in stock to suit almost any style of wedding. If there's something very specific you're looking for, I can even go out and find it for you. I can supply vases, arches, plinths, crates, urns, or anything to do with the mechanics of the display, so it's one less thing for you to worry about!

Q5. HOW DOES PAYMENT WORK?

After our initial consultation, your wedding date will be held for 14 days while you make a decision. If you choose to go ahead with me, you'll be asked to pay a 20% deposit to secure your date. 50% of the balance will then be due 8 weeks before the wedding, and the final balance is due 2 weeks before the wedding day. Payments can be made by PayPal or bank transfer.

Q6. WHEN DO I NEED TO MAKE A FINAL DECISION?

In general, I like to get the bulk of the decisions made quite quickly – things like style, colours and number of arrangements - so that we can plan and source the flowers and props. However, I do know how difficult last-minute guests can be, so there is always room to make minor changes up to 8 weeks before the wedding.

Q7. HOW DO YOU HANDLE SEASONAL FLOWERS?

Because flowers are incredibly seasonal, it's not always possible to get the exact flower you would like. I source my flowers from the highest quality Dutch Auction as well as the best British growers to ensure I can supply the range of florals and accompaniments I need to make your day special. I love working with British growers because their flowers have such personality to them, with their wiggles, scent and sometimes their unique imperfections adding to the 'natural' vibe. This means all of my work is highly seasonal, and I work with them to create the look you're after. We will discuss your wedding season, along with flower options for that time with a look, colour and feel to match your theme, in our consultation.
